

Career Guidance Class Conducted at the Department of Geography on 22-10-2024

A career guidance class was conducted at our department to help students to choose their career paths. Dr. Jyoti Prasad Das delivered a valuable lecture on how to prepare for and succeed in various civil services examinations. He also interacted with students, addressing their queries related to career planning and development. Rocktim Sarma, Durlov Lahon, and Sahin Akhtar shared their expertise on career opportunities in various academic fields. They provided valuable guidance on preparing for positions such as graduate teacher, post-graduate teacher, and assistant professor. A total of 45 students from different semesters attended the class and participated in the discussion.
