Plastic Ban

A comprehensive ban on single-use plastic was implemented across the campus to reduce plastic waste and promote sustainable alternatives.

Pedestrian-Friendly Pathways

Developed pedestrian-friendly pathways to encourage walking, reduce vehicular emissions, and enhance the safety and mobility of students and staff.

Landscaping and Signage

Maintained a balanced ratio of open spaces to buildings, creating a harmonious and aesthetically pleasing campus environment. Landscaping efforts focused on preserving green zones and enhancing biodiversity. And installed clear and informative signage to designate and protect green zones within the campus, raising awareness about the importance of these areas and promoting environmental stewardship.

Achievements

Enhanced Green Cover: Collaboration with the Social Forestry department led to significant plantation activities, increasing the green cover within the college premises and proper signage of green zones educated the college community on the importance of environmental conservation and the role of green spaces.

Waste Reduction: The ban on single-use plastic effectively reduced plastic waste, promoting a cleaner and more sustainable campus environment.

Improved Mobility: Pedestrian-friendly pathways improved campus accessibility, encouraging eco-friendly transportation options.

Sustainable Landscaping: Balanced landscaping efforts ensured the preservation of open spaces and enhanced the campus's natural beauty.

Environmental Awareness: Pragjyotish College remains committed to its Green Campus Initiative, continually striving to create a sustainable, eco-friendly, and educational environment for all.
