During the Governing Body (GB) meeting held on 25th September 2021, Resolution No. 6 was passed, declaring the campus a plastic-free zone. The resolution mandated the prohibition of single-use plastics within the campus premises and the GB authorized the principal to implement measures to inform and educate students and employees about the plastic-free policy, ensuring widespread awareness and compliance.

Impact of COVID-19

Execution Challenges: The COVID-19 pandemic significantly impacted the execution of various planned green initiatives. Many activities had to be postponed or scaled down due to health and safety concerns.

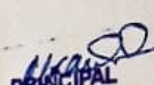

Achievements

Environmental Education: The webinar on wetland conservation successfully raised awareness about the importance of wetlands and the need for their preservation and restoration.

Plastic-Free Campus: The GB's resolution to ban single-use plastics marked a critical step towards reducing plastic waste and promoting sustainability on campus.

Adaptive Strategies: Despite the challenges posed by the COVID-19 pandemic, the college adapted by focusing on virtual events and awareness campaigns to continue its commitment to environmental initiatives.

Pragjyotish College remains dedicated to its Green Campus Initiative, continually seeking ways to promote environmental stewardship and sustainability, even in the face of unprecedented challenges like the COVID-19 pandemic.
