

The Placement Cell of our college aims to shape the future of our students, to support them, encourage them and help them in selecting the career which is right for them. Placement cell is the right platform for career development. We strive to give our students the optimal career prospects. The Cell is a platform for interaction between our students and various existing companies and industries.

Motto of the Committee

Opportunities should never be ignored.

Objectives

1. To groom and assist the students in getting the right kind of job
2. To go for internship drives from the first year of the students itself as we believe in the trial and error method.
3. To give importance to on-campus placement.
4. To organize events and programs aiming at
Exposing the students to the professional realm
5. To facilitate in-house training, projects and internship with various corporate houses.
6. To provide opportunities to interact with professionals from diverse industries and background.
7. To collaborate with various organisations to give our students the perfect opportunities
8. To provide opportunities off campus and give leads for landing themselves Jobs through different employment portals.
